

# Pure Color Fabric

When you need to print vibrant color on fabric, step up and try **Neschen Pure Color™ Media!** Pure Color delivers vibrant color and excellent detail when using solvent, eco-solvent and UV inks. Five Pure Color products cover a wide range of applications; choose the one that's right for your job, and you'll be wowed by the beautiful results!

## Golden Gate Fabric

- 8 oz/yd<sup>2</sup> polyester fabric coated with PVC
- Perfect for making the transition from printing on PVC banners to a more sophisticated textile.
- Rugged indoor or outdoor product with an anti-fungal treatment
- NFPA 701 fire rated

## Monet Canvas

- Heavyweight 10 oz/yd<sup>2</sup> coated canvas with a prominent tooth
- Ideal for giclée art reproductions, museum displays, POP signage and more.
- Uniform matte texture
- Specialized coating - vibrant, photo quality printing with a wide color gamut.
- Ability to be used with vacuum-carried flat bed UV printers
- Designed for use with most UV cure printers on the market

Each specially designed product delivers optimum color vibrancy and sharp detail when printed with wide format solvent, eco-solvent or UV printers.

## VersaFabric™

- 7.7 oz/yd<sup>2</sup>, 100% polyester fabric with a specialty coating
- Excellent for both indoor and outdoor applications
- Brilliant color, as well as wrinkle resistance and drape
- Sharp image reproduction and brilliant color finish for tent sides, theatrical backdrops and more
- NFPA 701 fire rating
- Available in widths up to 98 inches.
- Designed for use with most UV cure printers on the market

## Mambo Fabric

- 9 oz/yd<sup>2</sup>, 100% polyester fabric
- Unique coating for highest color brilliance and the deepest blacks
- Great for backlit displays, murals, outdoor banners for festivals or concerts and more.

## Calypso Breeze Satin

- Lightweight 3.5 oz/yd<sup>2</sup> translucent satin polyester fabric.
- Specialty coating that delivers photorealistic imaging
- Fast dry time and excellent scratch resistance
- Ideal for backlit and roll-up displays, window graphics and short-term outdoor signage
- Designed for use with most UV cure printers on the market
