

Wall Fabric

Easy to Use

SeraMark™ Wall Fabric 750 for solvent inkjet printers is the ideal choice for easy, eye-catching wall graphics. It's perfect for walls, doors — even floors!

This 4.2 mil satin polyester fabric features a low-tack, ultra-removable adhesive, which makes it as easy to remove or reposition as it is to apply.

Flexible & Sturdy

Flexible enough to conform to uneven surfaces yet rigid enough for superior die-cutting, SeraMark is excellent for full-bleed wall graphics in settings such as:

- Promotional and POP displays
- Outdoor signs (smooth surface only)
- General sign applications

SeraMark is available in 30" x 100' and 54" x 100' rolls to fit a variety of equipment and jobs; however it's also available in sheets and a version suitable for aqueous inkjet printers. Contact your local Midwest branch for more information.
