

We Make Vehicle Wraps a Snap!

Midwest carries all of the products and materials you need for your vehicle wrap business — from the essential to the cutting-edge.

3M 3M™'s Scotchprint Wrap Film Series 1080 is a long-term, removable, cast film designed especially for solid color vehicle detailing, decoration and full wraps without graphic protection.

Wrap Right Away

No printing. No overlaminate. Just open the box and start wrapping.

Superior Handling

3.5 mil dual cast film provides just the right amount of rigidity with no application tape.

Easy to Install

Series 1080 films have the same features you love in Controltac™ and Comply™ brand films: slideable and repositionable pressure-activated adhesive with non-visible air release channels that assure bubble-free installations.

Seamless Sections

60" wide rolls mean you can cover entire sections.

Boost Your Business

With Series 1080 wrap films, you can offer customers the opportunity to create truly a distinctive look for their vehicle. Satisfied customers showcase their wrapped vehicles and generate referrals for your business.

Perfect for:

- Hoods
- Bumpers
- Roofs
- Racing stripes
- Trunk lids
- Door panels
- Exterior mirror covers
- The entire car, truck or boat!

Ritrama's 3-3078 Black Carbon Fiber Vinyl is a high-performance 5-mil cast vinyl with superior durability, flexibility, and conformability.

Authentic Look

3-3078's black carbon fiber appearance looks authentic – and will add major impact to all of your vehicle wrap or detail designs. Plus, 54-inch-wide rolls mean minimal seams over even large sections.

Easy On, Easy Off

Conformable vinyl with positionable channeled adhesive and Air Flow Release Liner™ means easy application time after time, even on irregular and contoured surfaces. 3-3078 can also be easily removed, which means no damage to the vehicle body.

Perfect for:

- Hoods
- Bumpers
- Roofs
- Racing stripes
- Trunk lids
- Door panels
- Exterior mirror covers
- The entire vehicle!

The **RollePro by GForce Products** will change the way you finish vehicle wraps. This easy-to-use tool saves time and provides amazing results as it revolutionizes your process for applying vinyl over rivets.

Quick and Economical

RollePro can save you up to 50% of your time applying vinyl over rivets and other tough surfaces. It pays for itself after just one use!

Perfect for:

- Rivets
- Moldings
- Handles
- Windows
- Textured surfaces (e.g. cinder block)
