

COLOR MATCHING SERVICES

For that special project where you want a color in a hurry, count on Midwest to “match” your expectations!

Depending on ink availability, Midwest has a standard production turnaround time of three days or less on your matches.

For Sign Makers

Midwest can mix thousands of different hues for you using **Matthews** and **AKZO** brand coatings! We offer in-house mixing with a standard turnaround time of 24 hours or less based on paint availability and customer requests. *Check with your local branch for availability of mixing services.*

For Screen Printers

For textile or graphic screen printers, Midwest offers fast turnaround for your special projects. Get precise color matches with Nazdar and Wilflex inks (including the Wilflex Epic line of non-phthalate inks) — even Pantone® color simulation. Color matching service is available through our St. Paul, Minnesota, location.

Get your exact color within the time you need it.
