

Screen Printing Tapes

Midwest offers a wide variety of tapes for your screen printing needs. Whether you need a tape that stands up to long runs, high humidity, or just one that's easy to remove, our tapes will help you reduce clean-up time and keep your mesh and frames in top condition.

Midwest Horizons QuickRip Blockout Tape

QuickRip is hand-tearable and easily removable—no dispenser or knife needed, and no residue or emulsion damage after removal. This heavy-duty clear tape is perfect for use on either the squeegee or the print side of the mesh.

Screen Printing Tapes

3M Masking Tapes

3M™ Paper Tape 200 sticks to a wide variety of surfaces; its superior holding power prevents lifting or curling. The crepe paper provides conformability for easy handling and application. Tape 200 easily tearable, yet resists slivering. Uses solvent free manufacturing process. For general purpose shop use.

3M™ Paper Tape 234 is a tough industrial masking tape. It adheres to stainless steel, powder coatings, and alodine aluminum, yet provides clean edges and removal. Series 234 tapes are solvent- and moisture-resistant, and can also withstand high temperatures (under 250°F) for up to 30 minutes.
