

# Sintra® & e-pvc™

Midwest brings you the best in PVC with products from 3A Composites! Sintra® Material continues to be the quality and value leader in substrates—perfect for all of your:

- Signage**
- Photographic Mounting**
- Screen Printing**
- POP Displays**
- Exhibits**
- Flatbed UV Digital Printing**

A moderately expanded, rigid PVC with a satin finish, Sintra provides outstanding design flexibility. It can be easily formed into just about any shape imaginable. Sintra is easy to fabricate, heat formable and chemical resistant. Plus, you can die-cut up to 5mm. With the widest range of colors and thicknesses in the industry, Sintra provides you with the brightest, whitest surface for noticeably more vivid graphics. Sintra is the best substrate to fill your space!

For less demanding applications, e-pvc™ is a light, low-density and less rigid expanded PVC board—and an economical PVC alternative.
