

U.S. Banner Corp. offers you quality sewn banner products, including banner blanks and rolls. Choose from several grades of materials from economy grade to heavy duty and block-out. Available in all the popular standard sizes to fit any application need. Custom sizes are available too!

10 and 14 oz. Standard Vinyl Banner Blanks

These laminated vinyl banners are perfect for outdoor or indoor use. Sewn on four sides with grommets in the corners and every two to three feet for easy installation, they are perfect for vinyl graphics, screen inks and water-based lettering enamels.

14-oz. banners come in all colors shown. 10-oz. banners are available in colors marked with a red dot.

Note: 14-oz. banners have a gloss finish.

Colors are printed representations and may not match the actual product colors.

Block-Out Vinyl Banners

Choose from three styles of double-sided vinyl banners: 16-oz. Block-Out, 16-oz. ERC Block-out (white only) and 13-oz. Super Smooth. They are great for street banners or any double-sided application. Sewn on all four sides with grommets in the corners and every two feet, top and bottom.

Colors are printed representations and may not match the actual product colors.

Poly-Pro

This economy grade polyethylene banner blank is ideal for indoor and temporary outdoor banners. Sewn top and bottom with D-rings in the corners provide added strength and easy installation. They are designed to use with vinyl graphics, lettering enamels (not water-based) and screen inks.

Colors are printed representations and may not match the actual product colors.

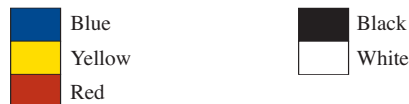

Banner Cyclone™

Hem your digital banners quickly and easily using the Banner Cyclone tool. Uses tape to seal the hems on your banner material. **Contact Midwest for more information.**

ERC Banner Blanks

Enamel Receptive Coated (ERC) 10-oz. laminated vinyl banner blanks are the perfect multi-purpose banner material on the market for use with vinyl graphics, lettering enamels and water-based enamels. Sewn four sides with D-rings in corners and grommets in every two to three feet, top and bottom.

Colors are printed representations and may not match the actual product colors.

Regal Banners

For a fabric look to your banners, choose Regal. Available in White only, this coated fabric banner lets you use 2-mil vinyl, screen inks, lettering enamels and water-based enamels for great-looking banners. Sewn on four sides with D-rings in the corners.

Big Foot Rolls

Now you can make odd-length banners easier and more affordable with these hemmed rolls. Grommets are installed every foot, letting you produce a banner "on the spot" to the size you need. Rolls are available in 10-oz. and 14-oz. standard vinyl and 10-oz. ERC.

Banner Tape

Perfect for finishing the edges of your banner rolls, giving you a more durable banner blank.

Solvent Digital Media

Pearl is an economical imported solvent digital product available in a 13 oz. single-sided and a 12 oz. two-sided smooth product which is compatible with both solvent and eco-solvent inks, is UV treated, fire retardant and available in many popular widths.

BANNER UPS®

Adhesive Banner Corner Tabs

Banner Ups® are the simple, inexpensive alternatives to grommets. Hang banners, posters, P.O.P. displays, and other signage indoors and out. Make your own banner blanks instantly. No special tools required.
