

SteelTraK Cutter by Foster Keencut

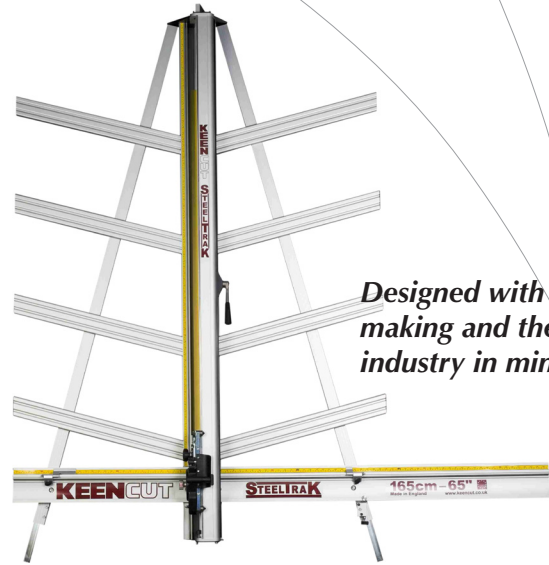

SteelTraK Cutter

65" & 82"

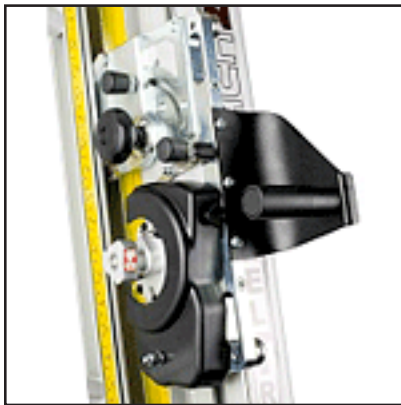

Designed with the sign making and the graphics industry in mind..

Every tool cuts on the same line. No mistakes, no special operator knowledge, no color coded production stops – just superior signs that are easy to produce accurately.

This four-in-one cutting tool scores acrylic and glass and can cut through coroplast, PVC, foamboard, gatorboard, dibond, lexan and other flexible polycarbonates.

Designed with the sign making and the graphics industry in mind...

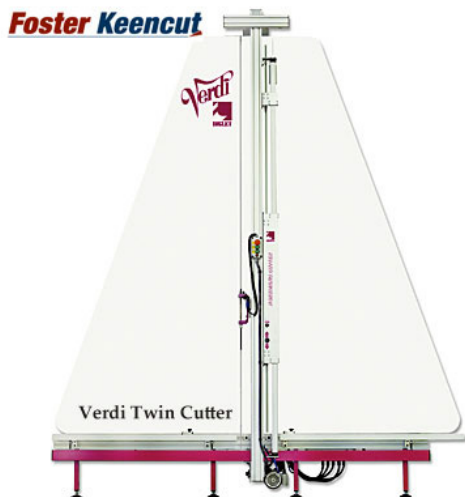

The SteelTraK Cutter comes with all four tools permanently attached to the cutting head. Just turn the wheel and each tool is ready to use in a second. **No extras to buy!**

Features Include...

- 4 Turn & Lock ready mounted tools for instant action. Universal 4 tool cutting head with automatic blade disengagement at the end of cut. Fully equipped and ready for work with 100 medium duty utility blades included. (Accepts standard utility blades).
- Includes a Utility Blade for 1/2" thick materials, an Acrylic Scoring Blade, Glass Scoring Wheel, and Composite Twin Wheel Cutting Head.
- This tool is used to cut up to 5mm Dibond, 3mm Polycarbonate, 3mm MDF.
- Transparent cutline cursor - replaceable - fixed - ultra precise - no laser shake - no doubt and no wasted panels.
- Pre lubricated ball bearings on steel slide tracks for precision, low friction and years of trouble-free life without adjustment.
- Telescopic legs adjust for height & minimum fatigue. Precise screw adjusted perma-lock squaring. Accurately cut panels every time.
- Built-in counterweight keeps the blade out of the way for loading materials, and ready to cut!
- **5 Year General Warranty on all parts (except blades, sight line strips & cutting wheels). 20 Year Warranty on the bearings**
Wall Mount Kit included.

Verdi Twin Vertical Cutters by Foster Keencut

You get Two Cutters in One! Power Saw and Pneumatic Blade Cutter

The new **Verdi Twin Vertical Cutter** cuts up to 10' Aluminum Composite, Acrylics, MDF, Wood, Corrugated Plastic, Foamboard, Cardboard and much more!

Cutting up to 7/8" (22mm) thick substrates, the Verdi Twin acts as a **power saw and as a pneumatic utility blade cutter**. No adjustments, no replacements, no tools needed. Verdi Twin's cutting-edge design is the solution, helping you achieve the perfect cut the first time, every time. Perfectly executed projects produce not only happy customers, but also:

- Repeat Customers
- Greater profitability
- Higher product quality
- Higher profit margins

Save Time. Increase Productivity. Save Money!

Features and Benefits

- Multi-roller design eliminates the awkwardness associated with handling large panels and prohibits smaller panels from slipping into roller gaps.
- Belt-driven mechanism results in speed: cut panels of up to 10' in seconds.
- Saw blade automatically returns to the upper position after a cut.
- Dual saw and pneumatic cutting system requires no cutting head changes between materials.
- 7/8" (22mm) cutting depth allows for the cutting of multiple boards at once.
- Versatile design means no cutting limitations - on sheets of 5' x 10' or 2 x 3 meters, the Verdi Twin can cut either the 10' or 3 meter side.

The Verdi Twin Vertical Cutter comes with:

- 10 Utility Blades
- Saw Blade Wall Mount Kit
- 1 year warranty on all parts (excludes blades)
- 2 hp Dust Collector

The Saw Blade

- 1.5 HP Motor
- Wood
- 3 mm Aluminum
- 10 mm Aluminum Composite
- PVC
- Acrylic
- MDF
- Corrugated Plastic

Pneumatic Blade Cutter

- Foamboard
- Gatorboard
- Honey Comb Board
- Mat Board
- Card Board
