

## Evolution E2 Precision Cutter by Foster Keencut

*The most accurate and user-friendly manual cutter ever built for the sign and digital market!*

### Evolution-E2 Precision Cutter

The new Evolution-E2 precision cutter is an integrated wide format cutting system designed to revolutionize the speed, accuracy and convenience of the finishing process.

**Evolution-E2** shares the same outstanding .008" guaranteed straightness of the Javelin Series. The new Evolution-E2 is equipped with a new two-way cutting head & quick-fit accessory options making it ideal for left-handed and right handed operators.

#### Features of the NEW Evolution-E2

- Available in five practical cut sizes from 64" to 144"
- Created to handle the output of every size and type of roll feed or flatbed printer
- Cuts flag, banner, card, PVC board, and Foamcore up to 1/2" thick
- Single handed positioning, cutting & clamping
- Reversible blades for Left & Right handed operators or for bi-directional cutting
- .008" guaranteed straightness
- Integral extruded alloy cutting base
- Flip-over stop on both sides adds horizontal clamping

*\*Includes a box of 25 Graphix Utility Blades, a 45mm Textile Cutting Wheel, 5-year general warranty 20 year free warranty on all bearings.*
