

## NatureWoven

**100% eco-friendly, patent-pending range of printing products with a natural look and feel**

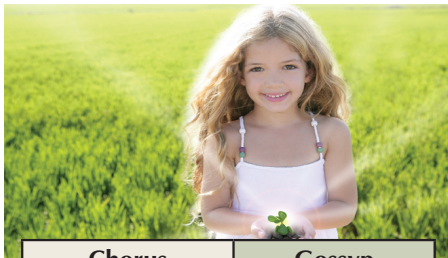

**As Green as Green can be and more...**

**NatureWoven™ Chorus** is a digitally-printable, durable media made from non-petroleum based raw materials, suitable for *indoor and outdoor* applications. Chorus is characterized for its natural look and feel and is 100% biodegradable and compostable.

**NatureWoven™ Gossyp** is a digitally-printable organic cotton backed with natural rubber, making it soft and durable. Perfect for *indoor* signage with an eco-friendly message, Gossyp is 100% compostable and biodegradable.

The exclusive use of renewable plants and rubber makes these sustainable products compostable. Thus, NatureWoven™ substrates provide environmentally-friendly alternatives to traditional petroleum based print media.

Chorus	Gossyp
NATCHORUS	NATGOSSYP
1200mm x 30m	1270mm x 30m
White	White

Suitable for UV, latex, pigment dye and screenprinting.

### Features and Benefits

- 100% Natural
- Compostable/Biodegradable
- Annually-renewable natural fiber
- Low energy production
- Strong environmental message
- Green alternative to petroleum based print media
