

EPIC™ Rio Finished Ink Mixing System

EPIC™ Rio is a finished ink mixing system from Polyone Wilflex that **eliminates the need for any bases, additives, or complex mixing.** Each colorant is made with a single pigment, so Rio is true to color, making color matching and tinting quick and easy. EPIC™ Rio is built for simplicity and is versatile enough to help the novice printer deliver professional results.

Features

- Perfect balance of color accuracy, vibrancy, and opacity for optimum press performance and color design
- New non-phthalate color mixing system is designed using the latest pigment technology and is formulated for superb color strength
- Best in class PANTONE® color match
- Most opaque Epic color system meeting regulatory standards: CPSIA 2008, Sections 101, 108, and 1303

The EPIC™ Rio mixing system is PANTONE® approved, **boasting 18 intermixable colors for an extended color range**, meeting constantly changing market trends. The EPIC™ Rio colors are perfectly balanced for opacity and color accuracy, providing peak performance on the press while giving the color vibrancy.
