

# Laminators

*Flexibility and Ease of Use in One Affordable Package!*

In today's expanding digital display market, your shop can keep up with customer needs with the SEAL® 54 EL, 62 Base, and 54 Base laminators. SEAL laminators provide small to medium-sized businesses with simple and affordable laminating solutions that allow great flexibility and high performance levels. SEAL laminators are ideal for rigid displays, vehicle graphics, pop-up displays, backlit applications, outdoor signs, and floor graphics.

<< SEAL 62 Base

The SEAL 62 Base is a pressure-sensitive machine ideal for mounting and laminating prints up to 61" wide with superb results. Its features include a heat assisted top roller, a 2" nip opening, a manual nip adjustment for precise operation, and 16.4ft/min speed capabilities. The SEAL 62 Base laminator provides a versatile package at an affordable price—without compromising functionality.

This machine is ideal for sign shops, as it allows users to provide additional value to customers by truly finishing the job.

**Great for...**

- Rigid Indoor and outdoor displays
- Floor & Window graphics
- Roll-up displays
- Backlit displays
- Pop-up displays
- Vehicle graphics
