

TheEZGrip 2-Handled Squeegee

Designed for Printers by Printers

The upright handles make pulling or pushing easier than ever! This revolutionary holder is engineered to totally change the way a squeegee works. **The ergonomic "2 Handle Design"** provides a comfortable grip, which aligns the hands and adjoining wrists to promote a healthy posture that reduces stress, pain and the potential of Carpal Tunnel Syndrome (CTS).

Key Features and Benefits

- Built in support stands allow blade to point up when not in use which helps to protect blade from damage and maintain a mess-free workspace
- Friction grip holds blade without screws or bolts
- Design allows for you to use all four blade edges
- Made of hard, shock resilient polymers that are easy to clean and can withstand chemical ink removal

Specifications

13" wide, able to accommodate squeegee blades up to 14"
Capable of 13 1/2" wide imprint

Ink Protection System - Self Standing!

The exclusive "Ink Protection System" features built-in braces that support the squeegee to prevent time consuming ink messes and clean up, on or off the screen. An elongated support rod located at the end of each handle keeps the grips away from ink when the holder is placed on the screen.
