

## LOW-BLEED PLASTISOL by Union Ink

Midwest is pleased to offer **Union Ink Polyester Low-Bleed Plastisol (ATHP) series**. A high-opacity, low-bleed, Non-Phthalate plastisol for 100% Polyester athletic uniforms.

Designed for both manual and automatic printing, Polyester low-bleed plastisols (ATHP) are the ultimate high-opacity low-bleed plastisols.

The ATHP series contain non-migrating pigments and are formulated to provide excellent printing characteristics.

### Athletic Features

- All colors are made with non-migrating pigments
- Excellent opacity
- Superior bleed resistance

### Applications

- Direct print low-bleed for controlling dye migration on 100% Polyester fabrics
- Athletic uniforms or any other synthetic fabric prone to bleeding
- Manual or Automatic Printing
