

panoRama Film 1530

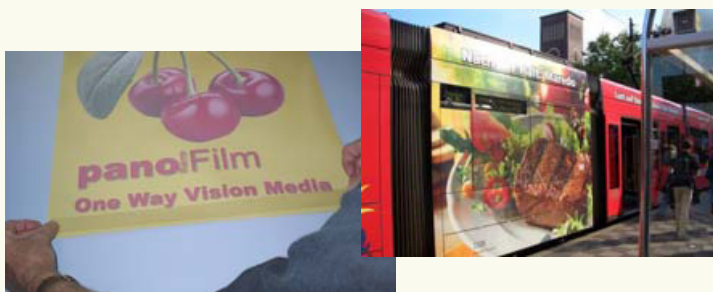

panoRama Film is an innovation which allows you one-way see-through features for poster, room divider or advertising on windows.

panoRama 1530 is a perforated pressure sensitive window film especially designed for long-term applications. 1530 offers a 30 % open area / 70% printable area and is perfect for those who set a high value on bright images. Made of polymeric vinyl film, and equipped with clear, removable adhesive, panoRama 1530 is an innovative solution that can be applied in many different and cost effective ways to optimize advertising space.

Advantages

- Maximum contrast and great visibility with 70% print area
- 2 to 3 years durability
- Excellent removability also after long-term application
- Polymeric vinyl with excellent dimensional stability
- 1.5 mm hole diameter
- Clear adhesive - offering good removability
- Designed to be combined with the overlamine panoRama Cast (curved and flat surfaces)

Great For...

- Shop windows
- Building wraps
- Rear windows of buses
- All applications where a bright image is necessary
- All long-term applications

Thickness	Durability	Flammability	Lamination
6 mil	2 to 3 years vertical exposure	M1 and B1 certified	With Cast Film
