

## panoRama Screen

**panoRama Screen** is a special textile that is comparable in weave to a mosquito net. It features a see-through effect from one side and is fully printable on the other, allowing it to be used for multiple communication purposes.

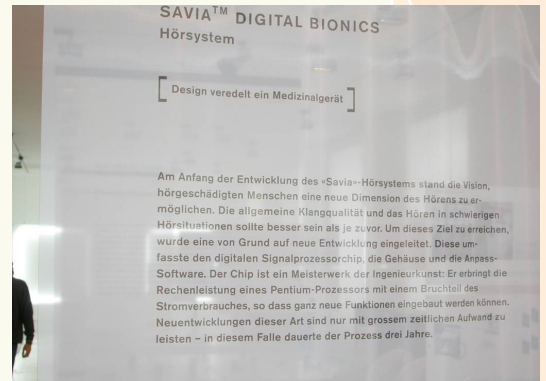

This product is suitable for outdoor as well as for indoor use with unlimited application possibilities: flexible room divider, roller blind, hanging ceiling display, storefront window decoration, etc. The possibilities are endless!

### Features

- 54" wide woven PET textile
- Vinyl coated, with a printable white front-side and a black reverse-side for maximum contrast
- Open area of 60% / Printable area of 40%
- For use with digital printers (solvent, eco-solvent, UV and Latex based) and screen printing
- Easily removable, self-adhesive synthetic liner

### Great For...

- Retractable Window Shades
- Banner or display
- Background of show case
- Room divider
- Facade of monument or in a museum
- Outdoor publicity during sports events (e.g. tennis, volleyball ...)
- Decorative mosquito net
- Indoor architectural accent

### Advantages

- Re-usable - no adhesive
- No curling
- Creation of new advertising space
- Indoor or outdoor usage
- High translucency
- High quality printing impression
- Multifunctional backing liner
- Excellent tear resistance
- Wind permeable
- Can be grommeted or hot-sealed
- Attractive and interesting
